- ❖ *pursuing and advocating* for the return of excess U.S. federal and Government of Guam lands to their original owners;
- ❖ *maintaining* a “Land Bank (Trust)” for those dispossessed original landowners who will never realize the return of their ancestral lands;

and further, pursuant to Guam Public Law 25-178:

that “...Ancestral land claims shall be expedited and claims processing shall be considered an urgency measure by all departments, agencies and instrumentalities of the government of Guam whose cooperation in facilitating meritorious claims is considered required.”

GOALS AND OBJECTIVES:

Guam Public Law 25-178 establishes the rules and regulations for the Guam Ancestral Lands Commission (GALC). It provides for the acceptance and processing of applications for ancestral title and/or compensation. Our ability to timely and accurately process these applications is dependent on the number of staff qualified to receive and process these applications. The GALC must sort through all the applications submitted to obtain and verify information in them. This requires qualified staff to do research and planning. The Commission also obtains title to lands that are not privately owned designated as “Crown Lands”. It must develop these properties to their highest and best use in a Trust for the dispossessed original landowners/heirs who are not getting their lands back. Without sufficient budgetary support for operations and personnel to

conduct proper research, planning and development, we would not be able to accomplish our mission.

Ancestral Lands is a *special class of lands*, rooted in GOVERNMENT of GUAM'S stated policy in land return to the rightful original landowners/heirs.

The agency continues to expeditiously carry out its duties and functions with only one (1) classified and one (1) unclassified staff assisting the Executive Director and its Board.

The Board of Commissioners comprise of seven (7) members. Its mission is to facilitate and expeditiously return all excess U.S. federal and Government of Guam lands back to its original land owners. The Board was able to hold work sessions, public meetings, and Title Hearings with no compensation due to the moratorium on stipends.

The Commission continues its goal to conserve on supplies, energy (utilities), and to recycle more.
